EXECUTIVE SUMMARY

Tegrete Corporation is a nationwide facilities management company offering decades of experience and a single point-of-contact for all interior and exterior services. By outsourcing responsibilities such as RFP execution, contract management, service provider vetting and oversight, and accounts payable, companies have more hours available to focus on business-critical initiatives. Tegrete becomes an extension of the existing Facilities department, focusing on cost reduction, risk mitigation, quality improvement, and building and equipment longevity.
